Email: vamshiboddula95@gmail.com
Mobile: +91-7013282356

Skills

- **Languages**: C++, HTML5, CSS3, JavaScript (ES6+)
- **Frameworks**: Tailwind CSS, Express.js (Node.js), React.js
- **Databases/Tools**: MongoDB, MySQL, Git, REST APIs
- **Soft Skills**: Teamwork, Critical Thinking, Adaptability

Projects

VALMONEY – Algorithm-Driven Debt Payoff Planner: | GitHub | Live — Aug' 2025

- Architected a full-stack debt payoff planner applying algorithmic optimization to increase repayment efficiency by **30%** and shorten payoff duration by **10 months**.
- Delivered a responsive, server-rendered interface, ensuring **40% faster load times** and consistent performance across devices.
- Engineered a secure, scalable service layer maintaining **99.9% data reliability and availability** while achieving a **12% reduction in total interest paid.**
- **Tech Stack:** HTML, JavaScript, Tailwind CSS, Node.js, Express.js, MongoDB, REST APIs.

Deep Learning–Based Audio Language Model (ALM): | GitHub — Jun' 2025

- Designed an AI-driven audio language system capable of processing speech and environmental sounds, achieving **85% contextual understanding accuracy** using deep learning–based audio and language models.
- Implemented intelligent inference workflows to interpret multiple audio patterns in **real time**, reducing response latency by **35%** while delivering precise, context-aware outputs.
- Built a **scalable full-stack architecture** with a responsive user interface and efficient backend services, enabling the system to manage **1,000+ audio interactions** reliably.
- **Tech Stack:** React.js, Node.js, Express.js.

Training

Advanced C++ Programming: | Certificate — Jun' 2025 – Jul' 2025

Centre for Professional Enhancement, Lovely Professional University

- Acquired in-depth knowledge of **C++ programming** by applying object-oriented design approaches to write structured, modular, and maintainable code.
- Implemented **dynamic programming techniques** and utilized **STL components** to develop efficient and well-organized solutions.
- Consistently demonstrated strong technical proficiency and disciplined coding practices throughout the program, **achieving an A grade in the final evaluation**.

Certificates

- Cloud Computing – **SWAYAM / NPTEL** | Link — Apr' 2025
- Mastering in C: Basic to Beyond – **CSE Pathshala** | Link — Mar' 2024
- Responsive Web Design – **freeCodeCamp** | Link — Nov' 2023

Education

Lovely Professional University — Punjab, India
Bachelor of Technology - Computer Science and Engineering - **CGPA: 6.50** — Aug' 2023 – Present

Telangana State Model School (T.S.M.S) — Armoor, Telangana
Intermediate - **Percentage: 82.6%** — Jun' 2021 – Mar' 2023

Telangana State Model School (T.S.M.S) — Armoor, Telangana
SSC - **Percentage: 95%** — Jun' 2020 – Mar' 2021
